DRAW VICE

DESCRIPTION	DRAW VICE
SIZE (mm)	350L x 250H x 75W
COLOUR	GREY & RED
WEIGHT	1.65 kg

MATERIAL: STEEL WITH ALUMINIUM JAWS

HARDWARE: N/A

TESTING: MAXIMUM LOAD 20kN

SALES DRAWING No: NOT AVAILABLE

NOTE: Draw Vices are required for running out and partly, for pulling the cable towards the pole at line angles. These tools offer the great advantage that it is possible to clamp the cable without any bolted connection. The grip on the cable increases tension on the draw vice ensuring safe clamping under any load condition.

FOR CABLE SIZES 4 x 25mm² or 4 x 50mm²
