

DATA SHEET

E600PP

TELECOMMUNICATIONS & ELECTRICAL PLASTIC PIT

DESCRIPTION	POLY PIT
SIZE (mm)	715W x 715L x 660H
COLOUR	BLACK
WEIGHT	14 kg

MATERIAL: POLYPROPYLENE UV RESISTANT

HARDWARE: N/A

TESTING: DESIGNED IN ACCORDANCE TO AS/NZ3500:2003

SALES DRAWING No: 2-S0097

NOTE: Designed for both commercial and domestic applications. Pits are injection moulded in strong, durable, & UV resistant polypropylene and are ideal for many trafficable areas when properly installed.

When using these pits in trafficable area, pits must be installed with a concrete collar to fully support the top of the pit. This collar should be a minimum 150mm x 150mm around the top perimeter of the pit. A support brace is available, and when fixed as per instructions, will prevent deformation of the pit during backfill procedures. The support brace can be removed after installation is completed.

Lid Opening: 600mm x 600mm
